Alcohol, specimens preserved in, not mailable	48
"Anchor Brand Lime-and-Sulphur Dip," permitted for cattle and sheep scabies	18
Ante-mortem—	
inspection, holding swine for further observation	14
inspection of hogs	68
"Armstrong's Lime-and-Sulphur Solution," permitted for cattle and sheep scabies	18
Army Reserve, mobilization of, notice to employees	101
"Black Leaf 40," dip permitted for cattle and sheep scabies	18
"Black Leaf Tobacco Extract," dip permitted for cattle and sheep scabies	18
Box dies, etc., establishment numbers on proofs of	2
Branding meat and products, details of methods	79–81
Brands—	
bureau, monthly examination of	23
bureau, repair and replacement of	23
burning, use without approval	35
etc., establishment numbers on proofs of	2
individual, for marking certain carcasses	70
Calendars, 1917, instructions for ordering	87
Cars, railroad, for transporting meat, inspection of	70
Cartons—	
etc., establishment numbers on proofs of	2
samples of, removal of unnecessary material	51
Casings, inspection of	81
Cattle—	
precautionary dipping for scabies	85
tuberculin test of, directions	85
Checks, lost, amendment to regulations	59
Clothing, outer, of persons handling meat, cleanliness of	81
Containers, metal, establishment number on	43
Conveyances, employees', reimbursement not allowed for use	193
"Cooper's Cattle Dip," permitted for dipping cattle for ticks	100
"Cooper's Compound Cresol Solution," permitted as substitute for cresol compound U. S. P	10, 64
"Cooper's Saponified Cresol Solution," permitted as substitute for cresol compound U. S. P	10, 45, 64
"Cre-septic," permitted as substitute for cresol compound U. S. P	10, 15, 64
Cresol compound U. S. P., solutions permitted as substitutes, list	10, 15, 28, 45, 118
"Crestall Dip," permitted as substitute for cresol compound U. S. P	10, 15, 64
"Devoe Lime-and-Sulphur Solution," permitted for dipping of cattle and sheep for scabies	94
Dies and stencils, approval of	35
Dies, imprint samples of, removal of unnecessary material	51
Dipping, precautionary, of cattle and sheep for scabies	85
Dips permitted for cattle and sheep scabies, list	18, 38, 94
Dips permitted for destruction of cattle ticks	100, 118
Disinfection—	
of hides and skins, solutions permitted	15
of stock pens for hog cholera, note	55

Page.
Docks and railroad tracks, methods of construction 109–111
Docks and tracks at establishments, report of 71
"Dow Lime-Sulphur Solution," permitted for cattle and sheep scabies 18
"Eckman's Lime-Sulphur Solution," permitted for cattle and sheep scabies 18
Economy in expenditures, instructions 10, 47
Effects, personal, of employees, expense of moving 47, 87
Employees—
conveyances, reimbursement not allowed for use of 103
economy in expenditures, instructions 10, 47
economy in use of supplies 30
expense for gasoline and oil, certificates required 119
meetings of, at stations, outline of procedure 46
on probation, reports concerning 38
personal effects, expense of moving 47, 87
Regular Army Reserve, mobilization of, notice 101
reporting for duty following leave 86
salaries and expenses, division among projects 57–58
salaries, preparation of pay rolls 102
status in National Guard 76
tips, unlawful, reimbursement not allowed 103
transfer applications, annual renewal of 59
travel accounts, instruction 39
travel expense for meal before departure, decision 58
travel expense, joint occupancy of room, ruling 75
Establishment numbers on proofs of stencils, etc 2
Expenditures—
division among projects 55–57
economy in, instructions 10, 47
monthly reports of, prompt submission 119
Export—
meats, etc., method of branding 79, 80
stamps, establishment number not required 43
stamps or certificates, reporting shipments 91
Exports to France, special war provision 51
Fasteners, metal, on meats, removal of 51
Fat, inedible, separate certificate for shipment 43
Fats, inedible, shipment with inspected products 91
Fats, requirement for designation as oleo oil 2
Field inspection, instructions in making reports 84, 118
F. I. Form 24–C, instruction in use of 118
F. I. Form 48–C, instructions in use of 84, 118
F. I. Form 59, method of reporting 19
Flytraps, construction of 2
Flytraps, operation of, bait, etc. 23–25
Foot-and-mouth disease—
booklets of instructions, distribution of 28
similarity to vesicular stomatitis 106
Form T–15, prompt submission of 119
France, meat exports to, special war provision 51
Franks, Government, misuse by commercial firms 47
Gasoline and oil used in travel, certificates required 119
"Grasselli Lime-Sulphur Solution," permitted for cattle and sheep scabies 18
Grease, inedible, separate certificate for shipment 43
Grease, inedible, shipment with inspected products 91
Hams customarily eaten without cooking, new method of preparation 22
Hams exported to France, special provision 51
Hawaii, horses for, testing of 18
Hides and skins, disinfection, solutions permitted 15
Hides, glue stock, etc., requirements governing importation 27
Hock and stifle joints of old cattle, tuberculosis in 51
Hog cholera—
disinfection of stock pens at origin, note 55
serum test of pigs, order 18
Hogs. *See* Swine.
Household goods, employees', transfer of 47, 87
Ink, branding, restriction in use of 23

Page
Inks furnished by establishments, submission of samples 23
Inventory of supplies, instruction 30
Joint occupancy of hotel room, ruling by auditor 75
"Karspray," permitted as substitute for cresol compound U. S. P 28, 64
"Kil-tik," permitted for dipping of cattle for ticks 118
Labels—
etc., establishment numbers on proofs of 2
for tank cars destined to unofficial establishments 91
lithograph, approval of 35
omission of establishment number on 43
samples of, removal of unnecessary material 51
"Latimer's Lime-Sulphur Solution," permitted for cattle and sheep scabies 18
Leave of absence, reporting for duty following 86
Legend, inspection, on meat, etc., details of marking 79–81
"Licresolis," permitted as substitute for cresol compound U. S. P 10, 15, 64
"Lilly's Lime-and-Sulphur Solution," permitted for cattle and sheep scabies 18
Livers, etc., method of branding 80
Mailing of packages, limit of weight 86
Mallein test—
by registered veterinarians, indorsement 17
in interstate shipments 17
of horses for Hawaii, note 18
Marking meat and products, details of methods 79–81
Meal at official station before departure on trip, decision 58
Meat passed for sterilization, reporting 15
Meat samples involving violations of law, method of forwarding 35
Meat inspection—
actinomycosis in swine, forwarding lesions of 2
ante-mortem inspection of swine 14, 68
branding, details of methods 79–81
branding ink, restriction in use of 23
brands, bureau, monthly examination of 23
brands, bureau, repair and replacement of 23
brands, individual, for marking certain carcasses 70
brands, labels, dies, stencils, etc., instructions 35
cars used in transporting meat, inspection of 70
clothing, outer, of persons, cleanliness of 81
conference, replacement by station meetings 46
disinfection of hides and skins, solutions permitted as substitutes 15
establishment number on metal containers 43
establishment numbers on proofs of stencils, etc 2
expenditures, division among projects 55–57
expenditures, monthly reports, prompt submission 119
export meat-inspection stamps 43
export stamps or certificates, reporting shipments 91
exports to France, special provision during war 51
flytraps, construction of 2
flytraps, operation of, bait, etc 23–25
hams customarily eaten without cooking, new method of preparation 22
imports from Netherlands prohibited 2
inedible fats, shipment with inspected products 91
inks furnished by establishments, submission of samples 23
inspection of casings 81
inspection of hock and stifle joints of old cattle 51
labels, etc., removal of unnecessary material in submitting samples 51
labels for tank cars destined to unofficial establishments 91
loading tracks and docks, methods of construction 109–111
loading tracks and docks, report of condition 71
marking hog carcasses 23
meat, etc., for the Navy, inspection 71
net weight and volume regulation, amendment 90
oils designated as oleo, requirement 2
pasteurization of dairy products used in oleomargarin 61, 90
penalty envelopes and labels, misuse of 47

	Page
Meat inspection—Continued.	
polyarthritis in pigs	79
products prepared from meats passed for sterilization, reporting	15
salt, use of, cleanliness necessary	109
samples involving violations of law, method of forwarding	35
sausage customarily eaten without cooking, preparation of	89
shipments of inedible fats, separate certificates for	43
supplies, economy in use of	30, 47
tag fasteners on meats, removal of	51
